January 12, 2018: Week 18

I hope everyone had a restful holiday season! This week in science, students presented their research project to the class. Students also set up a NEW composition notebook for the new semester. Students will need to bring their notebook to class every day as it is where we will take our notes, and tape in assignments. Students will periodically be graded on their notebooks, so it is very important that students keep up and stay organized.

Next week in science we will be learning about MINERALS!

Next Week in Science:

- Monday:** NO SCHOOL (MLK Day)
- Tuesday:** Introduction to Minerals
- Wednesday:** Mineral ID Reading
- Thursday:** Mineral Identification Lab
- Friday:** COMPUTER LAB
