

SCIENCE

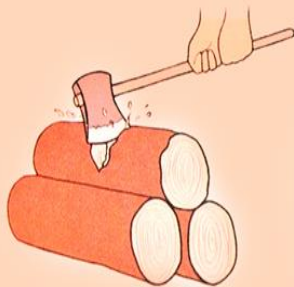

October 13, 2017: Week 8

This week in science, students learned about Physical and Chemical Changes! We used our Science Fusion Textbook to read and learn vocabulary associated with this unit.

Next week we will identify various physical and chemical changes. Students will watch a demonstration and identify if a physical or chemical change has occurred!

Physical Change

Chemical Change

Next Week in Science:

- Monday:** Identifying Physical and Chemical Changes
- Tuesday:** Demo Day!
- Wednesday:** Lesson Review
- Thursday:** Changes TEST
- Friday:** COMPUTER LAB
