

SCIENCE

October 20, 2017: Week 9

This week in science, students identified physical and chemical changes in every day occurrences. Students completed a Physical and Chemical Changes Unit Test to wrap up the unit.

Next week we will begin with our Energy Unit. Students will be learning about Potential and Kinetic Energy.

VOCABULARY TERMS:

Energy Force Gravity Friction

Potential Energy Kinetic Energy

The Law of Conservation of Energy

Next Week in Science:

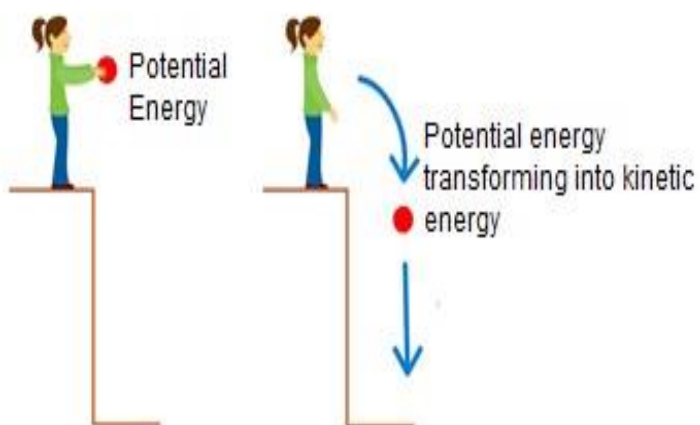

Monday: Energy

Tuesday: Potential Energy

Wednesday: Kinetic Energy

Thursday: Roller Coaster Lab

Friday: COMPUTER LAB
