

SCIENCE

November 17, 2017: Week 13

This week was a busy week for students! Monday, we learned about Conduction, Convection and Radiation. Tuesday and Wednesday were both testing days, and Thursday we learned about balanced vs unbalanced forces.

Next week students are off for
THANKSGIVING BREAK 🍂

Next Week in Science:

Monday: THANKSGIVING BREAK

Tuesday: THANKSGIVING BREAK

Wednesday: THANKSGIVING BREAK

Thursday: THANKSGIVING BREAK

Friday: THANKSGIVING BREAK

VOCABULARY TERMS:

Force Gravity Friction Motion

Balanced forces Unbalanced forces

Net Force

Conduction

Energy is transferred by direct contact.
